

FOR IMMEDIATE RELEASE

MILWAUKEE'S PPC HONORS LOCAL BUILDERS

MILWAUKEE, (February 5, 2009) – Professional Plumbers and Contractors (PPC) honored more than 150 local builders at the Home Builders Expo in January. The PPC Builders Award signifies that the builders use PPC plumbers for their construction projects. This is a benefit to homeowners because if their contractors use a PPC plumber, any plumbing work they do is backed with a 5-year limited warranty that is paid for through the contributions of each PPC member. Last year, more than 791 warranties were awarded to homeowners.

PPC is able to offer a 5-year warranty program because of the quality training and ongoing education provided to each PPC member. Wisconsin plumbers are required by law to complete a five-year apprenticeship and pass a state licensing exam. In addition, PPC plumbers are trained to design and install piping systems that distribute water and removal of waste from buildings, a rigorous training process which is passed by only 10 percent of all applicants. They must also commit to improving their skills and knowledge by taking part in continuing education courses and safety programs.

Recipients of the PPC Builders Award include:

Big Bend

Kelenic Construction

Brookfield

Columbia Creek Homes
Joseph Douglas Homes
Mirage Builders
Mierow Building Company
William Ryan Homes

Brown Deer

Victory Homes of WI, Inc.
